## Volunteer

# Creative Technician

The Hub from Greener and Cleaner is looking for handy volunteers to act as Creative Technicians to make items from reclaimed material to sell in The Hub, helping us highlight the need to care about where we live and the impact of our lifestyles. Creative Technicians will help to encourage a creative, upcycle and mend culture to reduce waste. We are especially interested in anyone with the following skills:

**Artistic, Creative or Crafting Skills**

**Able to think beyond throw-away culture**

**Able to reuse and repurpose materials to create something new**

### TASKS MAY INCLUDE

**Making items to sell:** upcycling, recycling, reusing and repurposing materials to create items that can be sold in The Hub's shop.

**Making display items:** making creative things for The Hub's display that could be used to catch people's attention and promote sustainability.

**Designing items:** that other volunteers may be able to replicate.

**Optional help:** getting involved and/or assisting with teaching community craft sessions.

### SKILLS/EXPERIENCE REQUIRED

Some knowledge of sewing, knitting or crochet (desirable)

Willing to learn new skills. (desirable)

### ROLE REQUIREMENTS

Willing to attend one monthly making event.

**Join the team here:**
